*The Public Health Agency of Canada aims to promote and protect the health of Canadians through leadership, partnership, innovation and action in public health.*

### **Position Summary:**

The objective is to identify gaps from the francophone immigrant population in BC related to health promotion and suggest a plan to fill these gaps. The second objective is to advance the joint priorities of PHAC and RésoSanté (for instance, mental health, immunization, seniors' health).

### **Specific Responsibilities:**

With the support of the Project Coordinator, the student will oversee **gathering** and **analyzing data** about new comers' health needs, as well as **writing an action plan**.

The plan will include:

- Strategy to create and launch enhanced services
- Timeline
- Funding opportunities
- Identification of partners
- Expected results

The intern will be expected to organize activities with our partners: Settlement agents, health professionals in contact with newcomers, community centers, etc.

**Requirements:**

- Excellent written and oral skills in English and French.
- Familiarity with the issues facing immigrant and refugee children, youths, and families.

**Personal Skills:**

- Ability to interact and work with others and communicate effectively.
- Good organizational skills and attention to detail.
- Ability to work independently and to be able to adapt to changing priorities.

**Education and Qualifications:**

- Currently participating in a Bachelor's or Master's program in Health Sciences or Social Sciences or related subject.

Salary will depend on the experience and education:

- Master's: \$18.91 to \$23.78 per hour
- Bachelor's: \$13.47 to \$21.64 per hour

**Deadline to apply: February 28th, 2018.**
